From the President's Desk

January 22, 2016

Dear readers, we are very pleased to present to you the fourth issue of quarterly *The Violet Flame Voice*. We wish you a happy and prosperous new year. Last six months have been very busy at the Chananda Cultural Society. To recap, in September 2015, we organized a three-week long pilgrimage to selected cities of the north and northeastern states of India. Over 65 people visited from several countries including the USA, Mexico, England, Australia, Brazil, Columbia, Taiwan, Ecuador, and South Africa. The highlight of the trip was the five-day Summit University (SU) seminar, *The Path of the Eastern Adept*, held in Darjeeling from September 10-15 in the beautiful Mayfair Hotel located in a prime location of the city. This first-ever SU was held in the home town of the Ascended Master El Morya, the Chief of the Darjeeling Council of the Great White Brotherhood and the founder of the Summit Lighthouse based in Montana, USA.

The group also visited Delhi, Mathura, Agra, Jaipur, Varanasi, Sarnath and Bodhgaya and offered prayers in each city. It was truly a pilgrimage of great import and many pilgrims expressed their desire to come back for more.

During the months of November and December, we conducted three full-day workshops that were previously given during the spring time in New Delhi: (1) *Secrets for Attracting Money and Cosmic Abundance*; (2) *Overcoming Negatives of Life with the Miracle Gift of the Violet Flame*; and (3) *How to Work With Angels— Your Guides, Guardians and Friends*. All three workshops were very engaging and many old and new seekers of Truth participated. We sold several items including pocketbooks, CDs, pictures and posters and invited people to visit our ashram in Kalkaji.

We celebrated the end of the year 2015 by inviting the members of our community at the ashram on a crisp Sunday afternoon, December 27 for a brief ritual of group prayer and thanksgiving. Several Keepers of the Flame and new seekers participated by giving decrees, listening to a video dictation excerpt from beloved Gautama Buddha and partaking in light refreshments.

Beginning February 2016, we have initiated a new cycle of sharing the wonderful teachings of the ascended masters with others by hosting a regular community prayer service on Sundays from 11:00 am-2:00 pm at our ashram. The purpose of this service is to study the virtues of the violet flame by invoking its blessings through the chanting of sacred mantras and singing devotional bhajans.

Sincerely,

Jaspal S. Soni

Yes, Violet Flame Mantras Can Heal Your Personal Problems!

Not too long ago a difficult family situation came up in my life which I found to be quite painful. Although it wasn't easy, I gave violet flame mantras and pictured the violet flame all around my family members while sending them love and forgiveness. The violet flame not only helped heal the situation, but made me feel better as well. I wish everyone could experience the joy of the violet flame.

What is Violet Flame?

Violet flame, also called violet agni or violet fire is a powerful spiritual energy that can heal you from negative conditions affecting body, mind and soul and restore native positive qualities. The violet flame mantras can be used by people of any religion without having to change their beliefs or family traditions. I believe it is God's greatest gift to mankind for these times to manage personal stressful conditions, removing obstacles from the day-to-day lives and achieving personal dreams.

What is the Specialty of the Violet Flame?

Just as a ray of sunlight passing through a prism is refracted into the seven colors of the rainbow, so does spiritual light manifests as seven rays. The violet ray is the seventh of these rays. Each ray has a specific color, frequency and quality. Violet flame transmutes painful memories. "Transmute" means to alter in form, appearance or nature, especially to change something into a higher form. By practicing the use of the violet flame, you are receiving and giving mercy, forgiveness, freedom, and transmutation thus allowing you to rise above and even dissolve the negative karma of the situation.

How Violet Flame Mantras Work?

Violet flame is known for its high vibration because it vibrates close to the physical world we live in. It is also called a physical flame and thus can be the antidote for physical problems. The violet flame works on our bodies, including the thoughts and feelings, by changing the rate of their vibration. For example, when you repeat violet flame mantras, the violet fire permeates every cell and atom of your body, mind and emotions and purifies the seven chakras from all negative debris. Here is a simple violet flame mantra you can chant and please remember, each time you utter the word, 'I AM', you are saying 'God in me is':

I AM a being of Violet Fire!
I AM the purity God Desires!

With regular use of this violet flame mantra, you can bring about transformation at all levels of your being. It can enhance your stamina and help you to overcome your physical problems and your emotional hang-ups. It can lift the spirit and free the soul to pursue her dharma.

This mantra can be repeated many times a day and even continuously meditated in the mind as you go about doing your daily activities. It works best if it is chanted out-loud using the sound, coupled with visualization and devotion released through your heart, throat, and third eye chakras.

Please note that the violet flame is not meant to replace doctors and other remedies but when used in conjunction with proper medical care, it can really make a difference. The violet flame can heal the condition to the level of the karmic cause, meaning that the particular condition can be healed as much as the karmic law allows, even sometimes completely.

The Violet Flame Can Dissolve Human Problems

You can direct the violet flame into the karmic debris of disease, stress, relationships or any undesirable condition as it liberates the soul from these burdens. In that vein, the violet flame can be viewed as the highest form of yoga because it takes the practitioner of the violet fire on the safest and most efficient path to a permanent reunion with God.

The Best Time to Give Violet Flame Mantra

The best time to give violet flame mantra is in the early morning. By giving this mantra first thing in the morning, your day will go much smoother. You can make a specific request at that time for the transmutation of whatever mental, emotional, or physical problems you are working on, including relationships with friends and loved ones.

I invite you to try out this violet flame mantra repeating for 15 minutes a day for 30 days and see how its healing powers can free you from the mental stress and emotional pain and bring about joy and peace once again into your life. I look forward to receiving your feedback at chananda55@aol.com

Violet Flame Quote of the Season (by the Ascended Master Saint Germain)

"Blessed hearts secure in the violet flame, I grant you this from my heart's love: that if you so saturate our sanctuary and our earth and your own aura coincidentally with the violet flame, I will see to it that you will consciously hear my voice and my call wherever you are on the face of the earth". (Beloved Saint Germain, Pearls of Wisdom ®, Vol. 25, No. 65, December 5, 1982)

Discovering the Real You through the Universal Teachings of the Ascended Masters

"Life is a sacred adventure because we are spiritual beings sojourning and living in a physical world, coping with the pull of the soul's yearning for reunion with Spirit while simultaneously living through the mundane experiences of corporeal existence". (The Spiritual Quest---The Sacred Adventure Series 1, Summit University Press, 2003)

There are four essential questions most people ask during the course of their sojourning of life.

1. Who Am I?
2. Why Am I Here?
3. Where Am I Going?
4. How Do I Get There?

1. Who Am I?

You (soul or Jiva) are a child of God. It is your birthright to reunite with your individual God-Self (Paramatman) through the Real-Self (Atman). You have the innate power to be a co-creator with God because all of the power you use to think, to feel, to be and to act flows from God.

2. Why Am I Here?

The journey home to God requires that you master your human nature and transcend its limitation. By doing so, you will fulfill your life's goal and divine purpose, thus preparing yourself for your ascension (moksha).

3. Where Am I going?

The goal of life is the ascension, through which you will return at last to the heart of God.....where your soul's journey began so very long ago. It is through this process that you will take your place among the company of ascended masters. This is what you are preparing for; it is where you are going.

4. How Do I Get There?

Follow the ascended masters and their teachings. These great saints and sages of East and West walked where you walk. They know the trials and tribulations you face, and they are committed to helping you find your way home. They offer clear and practical tools for overcoming human limitations and guiding you back to God through the ascension ritual.

Come and study the teachings of the ascended masters every Sunday, 11:00 am to 2:00 pm at 7/5 Kalkaji Extension, 3rd Floor, New Delhi 110019

From Our Members....

My name is Suraj Prakash Khanna. I have been practicing the ascended masters' teachings for the last four years. This is a unique science to balance my chakras and the energy flow. I regularly practice violet flame and the 'Heart, Head and Hand' decrees at home In the mornings, evenings, in the car while driving & whenever I find spare time.

In addition, during the last four years, I attended several workshops arranged by the Chananda Cultural Society which were very useful in leading me to the path of spirituality.

I have become very still in my mind in my day to day activities. I feel myself as observer of mind and find it easy to surrender to the will of God. Now, I find it easy to accept the every challenge of my life and a belief system that says, "Not my will but God's Will is beautiful and fair." I thank my friend Mr. Sandeep Chandok for introducing me to the Chandana Cultural Society.

My name is Jitendra Prakash Arora. I have been a student of the teachings of the Ascended Masters for over 30 years. During this period, I have faced many ups and downs in my life. I used to be a person full of negative thoughts and lack of confidence and much inferiority complex. I was not able to face even a little change in my life but by the invocations to the violet flame and other decrees, I feel completely changed person having a positive attitude. Peace and stillness are deeply rooted within me.

By God's grace and through the teachings of the ascended masters, I got acquainted with the secret of the nature, angelic kingdom, elementals, ascended ones and other cosmic beings and how to have their blessings in my life.

Hi, my name is Madhu Sudan Satija. I came into contact with the teachings of the ascended masters through a newspaper advertisement. Being a spiritual seeker, I was excited to know everything about the violet flame. I have been attending lectures on violet flame since the first interaction I had. I am doing decrees along with Mrs. Prophet by playing her CDs.

It took me sometime for decrees to get memorized and later I enjoyed the practice. As a matter of fact, I felt that my soul wants to sing the decrees whenever I play the CD. I have always felt rejuvenated after the practice. The references made to Indian saints /deities like Babaji, Lord Krishna, Ma Durga etc. in the teachings are also very motivating

Violet Flame Continues to Saturate Delhi

*Delhi is a city of Violet fire
Delhi is the purity God desires!*

Over two hundred auto rickshaws (aka tuk-tuks) have the violet flame message posted on them. These auto rickshaws drive all across Delhi saturating the city with violet flame. Also, several telephone poles and traffic circles in the Kalkaji section of Delhi have the same message placed on them.
