## From the President's Desk

January 20, 2017

Dear Readers,

We are pleased to present to you the sixth issue of our newsletter, 'The Violet Flame Voice'. In this issue, we feel very excited to report many activities that have taken place primarily in the arenas of outreach and charity.

On September 25, 2016, we conducted a full-day workshop at the famous New Delhi venue, the India Habitat Center located on Lodhi Road. The topic of the workshop was, "How to Use the Creative Power of Sound to Master Life's Problems!" The workshop focused on sharing the sacred science behind the energies of the spoken word by communing with God through mantras, prayers and decrees (a new science of contacting God as taught by the ascended masters).

In October, we began serving monthly refreshments to the children of the public park employees who live across from the Society. There are nine children varying in ages from two to five years old. From this introduction we initiated a new project in November called "Chananda's Children" and enrolled six of the children in a nearby NGO in Govind Puri. (NGO or Non-Government Organization is the equivalent of a Non-Profit Organization in the US.) The children now attend the school every day from 9:30 am to 12:30 pm and learn how to read, write and interact with other children.

Next in November, we began a new experiment of holding free workshops on the teachings of the ascended masters every Friday, Saturday and Sunday on the premises of the Society. Each workshop is two to four hours long and begins at 12:00 pm. The response from the community has been overwhelmingly positive.

Lastly, we also began a regular radio talk show at a Community Radio Station, "Manav Rachna" (107.8 FM) located in the nearby City of Faridabad. In this one-hour long program, we share the teachings of the ascended masters with the listeners on topics such as the seven chakras, the science of the spoken word for contacting God, violet flame mantras, individualization of the God-Self and how to master the practicality of spirituality. It is an interactive program of learning by sharing as the listeners get the opportunity to call the radio station and ask their questions too.

To begin the New Year on a right note, we invited old and new members to the Society's premises. We all participated in a ritual of prayers and devotional songs to the ascended masters requesting their assistance to guide us in our endeavors during the new cycle.

We wish you a Happy and Prosperous New Year!

Sincerely,

*Jaspal S. Soni*

## The Destiny of INDIA.....

“For India is actually the very soul opposite of the United States. India and America are two of the greatest nations in the entire world. Although mankind are not aware of it where India is concerned, the ascended masters are.”—Saint Germain, *Pearls of Wisdom*®, vol. 20, no. 33, August 14, 1977, © Copyright Summit Publications, Inc. 2017.

“She (India) will return to that majestic glory she has reached several times in her past, and regardless of the crushing influences that have preyed upon her in the last two or three hundred years, *India's great problem will yet be solved—in perfect divine order.* Her teeming millions will be given the opportunity to express the light and God presence that is within them.”—*The Magic Presence* by Godfrey Ray King, page 374, © Copyright Saint Germain Press, 1935, 1963.

“Each nation has a divine plan of its own to fulfill and, according to their divine destinies, the various nations of the world represent the various parts of the earth's body. Therefore, in the new age, the land of India shall represent the ‘head’ of such an ‘earth body’ and the land of America the ‘heart.’ Take notice, please, that the name ‘India’ begins with the letter ‘I’ and ‘America’ with ‘Am.’ Is this not significant?”—Saint Germain, *Pearls of Wisdom*® vol. 2, no. 20, May 22, 1959, © Copyright Summit Publications, Inc. 2017.

“The bond between America and India should be immeasurably strengthened. This cannot be achieved through negative ideas promulgated by apostles of negativism.” Chananda—*Pearls of Wisdom*®, vol. 5, no. 6, February 9, 1962, © Copyright Summit Publications, Inc. 2017.

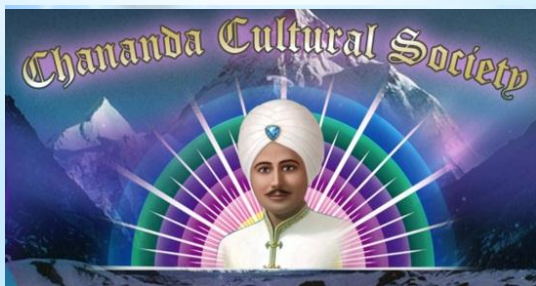

### Violet Flame Quote of the Season:

“For I tell you, beloved, the multiplication of the Krishna mantra by the power of the violet flame and the violet flame by the power of the Krishna mantra is an indomitable force! And therefore let the yin and the yang of the devotees of all worlds and all manifestations and planes of consciousness know the great Teaching of the entire Spirit of the Great White Brotherhood. Let them know of beings of Light and the great antahkarana. And let them understand that the violet flame sea is able, the violet flame sea is able, the violet flame sea is able to dissolve all that is that anti-Krishna consciousness on this planet!”—Beloved Lord

Krishna, *Pearls of Wisdom*®, Vol. 35, No. 8, February 23, 1992, ©Copyright Summit Publications, Inc. 2017.)

## How to Use the Creative Power of Sound to Master Life's Problems!

On Sunday, September 25, we conducted our one-day workshop on a well-known topic, "How to Use the Creative Power of Sound to Master Life's Problems" at the famous public venue in New Delhi, the India Habitat Center. The PowerPoint workshop was attended by several new seekers as well as old members. It began at 10:00 am and concluded at 5:00 pm and included a delicious vegetarian buffet luncheon and a mid-morning and a mid-afternoon tea/coffee break. We had advertised the workshop in a new age popular monthly publication, *Life Positive Magazine* and a couple of local newspapers, including the popular *Times of India*.

The workshop focused on the following ten key aspects of sound and its effects in our daily lives:

1. The Creative Power of Sound;
2. Why Sound Is So Powerful;
3. The Secret Power of Sound as Music;
4. Effects of Music;
5. The Secret Power of Sound as the Spoken Word;
6. Contacting God Through the Spoken Word;
7. Why Decrees Command Heaven's Response;
8. Three Parts of a Decree;
9. Tips to Maximize Decree Output; and

## Starting a New Charity Project to help Our Youth: *Chananda's Children*

There is beautiful large public-park located across the street from the ashram which is heavily used by both young and old citizens living in the neighborhood. It is easy to notice groups of men and women of all ages who either drive or walk to the park, sit on the benches or on the ground and engage in their meditations and yoga exercises. Others can be seen playing cards or chanting and clapping mantras in groups or simply chatting.

There is a staff of about 8-10 people consisting of land tillers, gardeners, sweepers and others responsible for the upkeep of the park. They live on the park premises with their wives and children in small shanty homes. Their wives also work part-time in maintaining the park. There are also 8-10 children, two to five years of age living with them.

Beginning October of last year, Chananda Cultural Society (CCS) began serving refreshments to the children of the park employees every month. This initiative led to the initiation of a new project “Chananda’s Children” in November resulting in the enrollment of six children in a neighborhood school run by an NGO in Govind Puri. The children go to school every day and learn how to read, write and interact with other children.

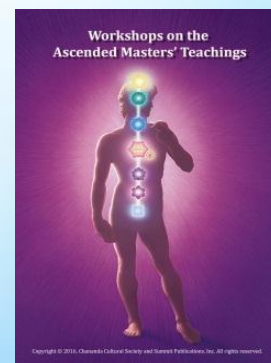

The hours of school are from 9:30 am to 12:30 pm. The children leave their homes at 9:00 am escorted by an adult member of their families to the gate of the park which is about a 5-minute walk. The school sends an auto rickshaw which arrives at the gate of the park around 9:15 am accompanied by a school teacher. Because the families have very low income, CCS funded the necessary clothing and supplies for going to school. CCS staff member, Poonam, bought clothes, back-packs, note books, colored pencils, lunch boxes, and water bottles.

One can feel a new kind of positive energy flowing in their families. The children look very excited and happy for this new adventure. They put their backpacks on their shoulders in the mornings and out they go smiling. After watching them go to school for over two months, it is hard to miss noticing their excitement and new energies of being someone special!

We plan to complete all three levels of workshops by the end of April this year when students will be given their certificates for having attended the classes.

## Contacting Heart to Heart: Newspapers, Billboards, Radio Shows and More.....

We began advertising our weekly workshops in the neighborhood newspaper, *Hyper Local*, in early December. The newspaper has a circulation of over 25,000 in the area surrounding the ashram. The advertisement carries our contact information and we are praying for the cutting loose of seekers of Truth who will see this advertisement and find their way to the workshops. We are planning to share this message through billboards in the neighborhood and on the backs of the three-wheel auto rickshaws.

The radio outreach program is moving forward in the adjoining city of Faridabad on the Manav Rachna Community Radio Station (107.8 FM). It is a 60-minute live interview in which the radio jockey asks general questions about the teachings of the ascended masters related specifically to the seven chakras, I AM Presence, Higher Self, threefold flame, violet flame, mantras, and decrees. The listeners also have the opportunity to call and ask questions about the teachings.

## From Our Members:

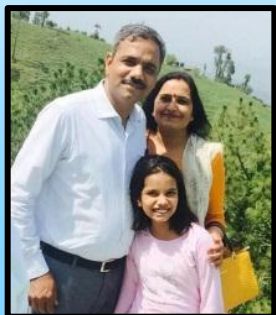

As we know in the external world, soap is essential for cleansing. Similarly, to know God internal cleansing is required as taught to me by my Guru ji. Like Guru ji, there are invisible beings known as ascended masters who have given to us a very good quality of internal cleanser in the form of violet flame and decrees (God's language) to reach Him. I am thankful to the ascended masters to have come to my life and I pray anyone who has and will come to the earth shall know about this sacred knowledge by God's grace. ----- Pawan Sehgal

We learned about violet flame about a year ago. When we first began, it was something new to us but gradually, after doing decrees, we found the blessings of the violet flame to be very useful and beneficial. It gave us internal happiness and confidence as negativity around us began to disappear. We felt the coming of spiritual light in our bodies as our minds became free from worries and our hearts and souls became pure. These things have changed our lives. We observed that as we began feeling more empowered, our worries, problems and sadness came to an

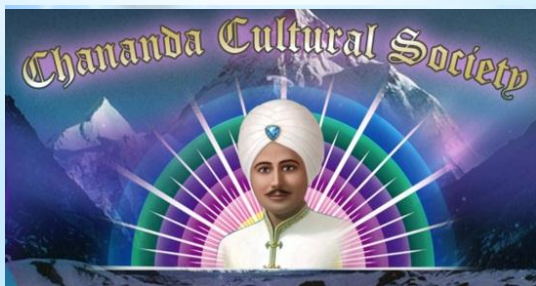

end. We also shared these teachings with our relatives and friends who have welcomed it. My elder sister, her son and daughter have also started giving violet flame decrees. It has helped them in many ways to get relieved of sufferings and pain. Thank you ascended masters and angles for hearing and answering our prayers! ----- Mrs. Reetika & Mr. Girish Bhandari

The violet agni/flame is a very powerful tool for self-purification and spiritual enhancement. It is completely new knowledge for me about which I came to know through a neighborhood billboard hanging outside a community park. The mantra, "I AM a being of violet fire, I AM the purity God desires" is a very powerful mantra and very easy to give. I am truly blessed by the violet flame and say a big 'Thank You' to all the masters, teachers and heavenly friends. I feel more energetic, empowered, truthful, confident, loving, peaceful and helpful to others. Thanks from the bottom of my heart for these teachings! ----- Mrs. M. B.

We are happy to learn, understand and experience this new aspect of God through the hierarchy of ascended masters, angels, light rays and chart of the I AM Presence ---all woven together in a Great Divine System. We are highly thankful to God for giving us the opportunity to partake of this knowledge! ----- Ms. Janhavi, Mrs. Sunita and Mr. Pradeep

## Four Essential Questions We All Ask Sometime in Life

### Question 1: Who Am I?

**Aham Bramhāsmi** means I am of Brahman or "I am the Infinite Reality." You are a child of God. You are an evolving soul (Jiva) with your own Higher-Self (Atman) and the Individualized Brahman-Self which has many names in the religions of the world (Paramatman, God, Waheguru, Father, Light).

### Question 2: Why Am I Here?

**Ayam Atma Brahma** means it is our dharma to realize here and now the immortal nature of the Higher-Self (Atman) and Brahman-Self. It is your birthright to reunite with your individual Brahman-Self (I AM Presence) through the knowledge of the Higher Self (Atman) within.

### Question 3: Where Am I Going?

**Tat Tvam Asi** means to follow the goal of life that leads to Moksha or freedom from the cycle of birth and rebirth by merging in the Brahman-Self.

### Question 4: How Do I Get There?

**Prajananam Brahma** means (pure) consciousness of Brahman.

By following the teachings of the ascended masters, who are the saints and sages of East and West, we can reclaim the pure consciousness of Brahman within. They offer us practical tools to help us along the way, such as the knowledge of the individualized God-Self (Brahman-Self and Higher-Self), the power of realizing spiritual chakras through prayers, blessings of violet flame mantras and other powerful tips for reclaiming your divine inheritance.
